REPORT

1. A sound system of corporate governance underpins the achievement of all the Council's corporate objectives.
2. The Council has adopted a code of corporate governance which is consistent with the principles of the CIPFA/SOLACE Framework *Delivering Good Governance in Local Government*. This statement explains how Fylde Council has complied with the code and shows how the effectiveness of governance arrangements have been monitored during the year.
3. The preparation and publication of an annual governance statement is necessary to comply with Regulation 4(3) of the Accounts and Audit Regulations 2015, which requires authorities to prepare a statement of internal control in accordance with "proper practices". The CIPFA/SOLACE guidance identifies the production of an annual governance statement in accordance with the guidance as "proper practices".

Summary of the local code

4. The CIPFA/SOLACE guidance quotes the following definition of governance from “International Framework: Good Governance in the Public Sector”: *“Governance comprises the arrangements put in place to ensure that the intended outcomes for stakeholders are defined and achieved”*. It continues: *“To deliver good governance in the public sector, both governing bodies and individuals working for public sector entities must try to achieve their entity’s objectives while acting in the public interest at all times...Acting in the public interest implies primary consideration of the benefits for society, which should result in positive outcomes for service users and other stakeholders”*.
5. The council’s code is underpinned by the following seven core principles from the CIPFA/SOLACE guidance:
 - Behaving with integrity, demonstrating strong commitment to ethical values and respecting the law
 - Ensuring openness and comprehensive stakeholder engagement
 - Defining outcomes in terms of sustainable economic, social and environmental benefits
 - Determining the interventions necessary to optimise the achievement of the intended outcomes
 - Developing the Council’s capacity, including the capability of its leadership and the individuals within it
 - Managing risks and performance through robust internal control and strong public financial management
 - Implementing good practices in transparency, reporting and audit to deliver effective accountability
6. The Local Code describes the arrangements that have been or are being established within the Council to comply with the requirements. The code requires the Council to:
 - consider the extent to which it complies with the above seven core principles and requirements of good governance set out in the Framework;
 - identify systems, processes and documentation that provide evidence of compliance;
 - identify the individuals and committees responsible for monitoring and reviewing the systems, processes and documentation identified;
 - identify the issues that have not been addressed adequately in the authority and consider how they should be addressed;
 - Identify the individuals who would be responsible for undertaking the actions required and plan accordingly.
7. The Local Code was updated in September 2017, as a result of new guidance produced, and will be updated again by the autumn of this year (and is a noted action with the Corporate Governance Action Plan).

Annual Governance Statement

8. The Corporate Governance Group, currently comprising the Monitoring Officer, Section 151 Officer, Head of Governance together with the Shared Head of Internal Audit, has conducted a detailed self-assessment of the council’s governance against this checklist. This checklist was updated in 2017, in light of new guidance issued. The council must publish the results of this self-assessment, including any recommended areas for improvement in the forthcoming year, as part of its Annual Governance Statement alongside the annual accounts.
9. The governance statement is attached to this report and is presented for approval by the committee. It will, if approved, be signed by the respective council leaders and the chief executive. As it’s a reflective view of the 2019/20 municipal year, with an Action Plan developed as a result moving into the 2020/21 municipal year, both Councillor Buckley, as Leader of the Council for 20/21 onwards, together with Councillor Fazackerley as past Leader, will be invited to sign the Statement.
10. An action plan is incorporated within the governance statement and progress reports will be brought to the committee during the course of the forthcoming year.
