RESOURCES DIRECTORATE	ENVIRONMENT, HEALTH AND HOUSING	5 NOVEMBER 2019	9
<b>CARBON REDUCTION</b>			

### PUBLIC ITEM

This item is for consideration in the public part of the meeting.

### SUMMARY

At the request of the Chairman, members are requested to consider broadening the remit of the cross-Committee Working Group considering plastic conscious issues to include consideration of carbon reduction. Whilst the use of single-use plastics contributes to greenhouse gas emissions there are other council policies and activities which could impact on this favourably.

It is suggested that the existing Working Party widens its remit to extend to carbon reduction with a view to the Council working towards net-zero carbon by 2050 developing an action plan identifying actions within the control of the Council to limit the impact of climate change.

It is proposed the current cross-party Working Group which is drawn from the membership of both the Environment, Health and Housing and Operational Management Committees be broadened to include two members of the Planning Committee.

### RECOMMENDATION

- To broaden the remit of the Plastic Conscious Fylde Working Group to include two members of the Planning Committee and to broaden its remit to include the development of a carbon reduction Action Plan renaming it the Carbon Neutral Working Group.
