## REPORT

1. During the summer of 2020, the Secretary of State for Transport published the [Statutory Taxi and Private Hire Vehicle Standards](#) under section 177(1) of the Policing and Crime Act 2017.
2. Section 177(4) of the Policing and Crime Act 2017 requires licensing authorities to have regard to the contents of the document when setting, implementing, and reviewing policies and practices that underpin local taxi and private hire licensing regimes.
3. Fylde Council currently apply a number of the standards in the current Hackney Carriage and Private Hire Licensing Policy, but some areas require further clarification and amendment, such as in relation to background checks via the Disclosure and Barring Service.
4. The Secretary of State indicated that Licensing Authorities are expected to implement these measures as soon as possible and that the Department for Transport will closely monitor progress, work with authorities not meeting their responsibilities and look to introduce legislation if licensing authorities fail to adopt the standards and update their operations. It should be noted that the statutory standards carry significant weight and the recommendations contained in the document should be implemented unless there is a compelling local reason not to.
5. Officers have therefore prepared a summary of the proposals and any required alterations which may be seen at appendix 1. These will require updates to the Policy, which is currently due for renewal and as such, an updated Policy has been prepared for consultation at appendix 2.
6. Members are therefore requested to consider the information from the Department for Transport and consider instructing officers to undertake a consultation exercise to review the existing Policy.
