UPDATE ON THE STRATEGIC RISK REGISTER			

PUBLIC ITEM

This item is for consideration in the public part of the meeting.

SUMMARY OF INFORMATION

This Information item gives a progress update on the risks contained within the Strategic Risk Register (SRR). The SRR was presented to the Audit and Standards Committee in September 2021 and detailed the risks alongside any existing control measures.

The colour coding of the risk scores are as follows:

Green Risks = Low Risks

Yellow Risks = Medium Risks

Red Risks = High Risks

The risk register has been reviewed by the Strategic Management Group, together with the Corporate Management Team, with a risk added in respect to climate change and actions updated to reflect mitigations or controls required. The residual risk score has been amended where necessary to reflect any changes in consultation with the SMG.

All remaining actions are in progress and an update will be provided to the Committee at a future meeting.
