| NEW HOMES BONUS: PROVISION OF GRANTS TO TOWN AND PARISH COUNCILS 2022/23 | | | |

PUBLIC ITEM

This item is for consideration in the public part of the meeting.

SUMMARY

The New Homes Bonus policy provides the framework for a system of grant support to town and parish areas which have experienced above average growth in housing numbers, funded from a portion of the New Homes Bonus that is received by Fylde Council.

This report proposes the arrangements in respect of 2022/23 which are consistent with the approach taken last year due to the ongoing uncertainty surrounding the future of the national scheme of New Homes Bonus grants.

RECOMMENDATIONS

The Committee is requested to:

1. Note the current situation in respect of the national scheme of New Homes Bonus grants;
2. Approve that there will be no allocations of funding to town and parish councils from New Homes Bonus grant until confirmation has been received of the amount of New Homes Bonus receivable by Fylde Council for 2022/23; and
3. Approve that in the event that Fylde Council does receive confirmation of an allocation of New Homes Bonus grant for 2022/23, a proportion of that grant will be distributed to town and parish councils that have experienced above average housing growth in the previous year, equivalent to a total of 5% of the latest estimate of the total New Homes Bonus income receivable by Fylde Council, using the distribution methodology adopted for previous years.

SUMMARY OF PREVIOUS DECISIONS

The policy on the provision of grants to town and parish councils, to be funded from a portion of the New Homes Bonus, was first approved by Council in December 2017 in respect of the 2018/19 financial year and has been approved in each subsequent year in respect of the forthcoming financial year.

REPORT

1. Background

- 1.1 For the financial year 2018/19 Fylde Council introduced a new initiative by which a proportion of total New Homes Bonus (NHB) funding that the council receives is allocated to town and parish councils to help alleviate the impacts of housing growth on local communities. For each year the total grant funding distributed has been a figure equivalent to 5% of the latest estimate of the total New Homes Bonus income receivable by Fylde council for that year. Grants are calculated by reference to housing growth above a 0.4% growth baseline level in each town or parish area.

Previous total allocations to town and parish councils under the scheme have been:

| | |
|---------|---------|
| 2018/19 | £65,500 |
| 2019/20 | £68,950 |
| 2020/21 | £75,500 |
| 2021/22 | £58,049 |

2. Update to the scheme of provision of NHB-funded grants to town and parish councils for 2022/23.

- 2.1 In the years 2018/19 to 2020/21 the sums to be distributed have been approved at the November/December cycle of council meetings in order that amounts to be provided to each qualifying town and parish council can be notified prior to completion of the budget-setting process by each town or parish council. Previously it was possible to estimate the amount of NHB for the coming year with a degree of certainty as the scheme had been embedded for a number of years, albeit with some changes to the scheme during the period.
- 2.2 However, at present there is uncertainty around the future of the national scheme beyond the current year, especially in the light of current national funding pressures created by the various covid support schemes to businesses and individuals. Earlier this year the [government consulted on the future of the national New Homes Bonus scheme](#) with the consultation indicating the possibility of changes to the existing arrangements. The outcome of the consultation is yet to be published. It is conceivable that NHB funding for 2022/23 will be restricted to the legacy payments in respect of previous years; or that there will be no NHB funding whatsoever to local authorities in 2022/23; or that there will be a further single-year allocation for 2022/23.
- 2.3 It is unlikely that there will be any clarity about the future of the NHB scheme until the local government finance settlement is announced in mid-December 2021. It will not be possible, therefore, for NHB grant distribution to town and parish councils to be considered in the usual timescales.
- 2.4 Consequently it is proposed that there will be no approval of NHB grant allocations to town and parish councils until confirmation has been received of the amount of New Homes Bonus receivable by Fylde Council for 2022/23.
- 2.5 If, in due course, Fylde Council does receive confirmation of an allocation of New Homes Bonus grant for 2022/23, it is proposed that a proportion of that grant will again be distributed to town and parish councils that have experienced above average housing growth in the previous year, equivalent to a total of 5% of the latest estimate of the total New Homes Bonus income receivable by Fylde Council. An updated Policy on the Provision of New Homes Bonus Grants is attached at Appendix A should there be such a scheme for 2022/23.
- 2.6 If grants are to be distributed to town and parish councils under the scheme for 2022/23 it is proposed that the distribution methodology adopted for previous years will be used to calculate the grant allocations for 2022/23.
- 2.7 It is acknowledged that the timing of events may require that amounts to be provided to each qualifying town and parish council cannot be notified prior to completion of the budget-setting process by each town or parish council.
- 2.8 If the recommendations are approved, town and parish councils will be advised to agree their revenue and capital spending plans for 2022/23, including the setting of the town or parish council tax precept for the

year, on the basis that there may be no allocations of NHB funding for 2022/23.

- 2.9 Any subsequent allocations of NHB funding to town and parish councils for 2022/23 will be made as soon as practicable following notification of the NHB funding amount receivable by Fylde Council as part of the Local Government Finance Settlement.
