This item is for consideration in the public part of the meeting.

SUMMARY OF INFORMATION

The Government introduced the requirement for Local Authorities to produce an Infrastructure Funding Statement (IFS) on an annual basis through the Community Infrastructure Levy (Amendment) (England) (No. 2) Regulations (2019).

The Infrastructure Funding Statement has been produced and published on the Council's website covering the 2021/22 monitoring period.

The IFS includes information on Section 106 (s106) agreements, the Council's process relating to s106 contributions as well as the monitoring fees involved. The IFS also incorporates details of the s106 agreements signed, the s106 contributions received and the s106 contributions secured for future years during the monitoring periods. It also contains details on projects delivered in the Borough during the monitoring periods.

The IFS will be updated annually. It will be submitted to the Department of Levelling Up, Housing and Communities and published on the Council's website by 31st December each year. This will ensure up to date information on s106 contributions is available for the public and any other interested parties.
