UPDATE ON THE STRATEGIC RISK REGISTER

PUBLIC ITEM

This item is for consideration in the public part of the meeting.

SUMMARY OF INFORMATION

This Information item gives a progress update on the risks contained within the Strategic Risk Register (SRR). The SRR was presented to the Audit and Standards Committee in July 2020 and detailed the risks alongside any existing control measures. The register also contained details of further actions which were planned or in progress to further mitigate the residual risk level.

The colour coding of the risk scores are as follows:

Green Risks = Low Risks

Yellow Risks = Medium Risks

Red Risks = High Risks

All changes to the register have been highlighted in red and include additional actions to mitigate risks or additional controls which have been introduced. This residual risk score has been amended where necessary to reflect the changes.

All remaining actions are in progress and an update will be provided to the Committee at a future meeting.
