

## REPRESENTATIONS

REPORT OF	MEETING	DATE	ITEM NO
DEPUTY CHIEF EXECUTIVE	COUNCIL	2 OCTOBER 2023	5a
<b>QUESTIONS FROM MEMBERS OF THE PUBLIC</b>			

### PUBLIC ITEM

This item is for consideration in the public part of the meeting.

#### PURPOSE OF THE REPORT

Two questions from members of the public have been received before the requisite deadline, as outlined in Article 15 of the Council's Constitution, but after the statutory deadline for publication of the agenda.

The questions received are reproduced below.

Questions will be heard during the Council meeting on 2 October 2023 and a response will be given by the Leader of the Council or by any other member nominated by her.

#### Question received from Helen Yates and Jade Parrish (25 September 2023)

"Is the council aware of the unfolding situation at the station end of Glen Eldon Road? This particular street is home to a tightly-knit community, encompassing residents facing unique challenges such as early-onset dementia, a family caring for a young child with disabilities, an individual coping with Multiple Sclerosis, and a neighbour grappling with complex healthcare issues. Of immediate concern is the establishment of a residence for vulnerable children immediately next door to the aforementioned resident afflicted with early-onset dementia and in very close proximity to two households housing vulnerable adults. The cumulative effect of this situation is that approximately 20% of the residences on the station end of Glen Eldon Road will become problematic properties. Given our previous appeals for assistance, directed to both the council and the police, regarding incidents of violence and disruptions caused by the occupants of just one of these properties, we urgently seek clarification on the proactive measures the council intends to implement in order to mitigate and address this issue, thereby preventing our tight-knit community street from deteriorating further and affecting the wellbeing of all residents on this road."

#### Question received from Joyce Holden (25 September 2023)

"In St. Anne's Road East, we live in a quiet, residential area. Since March 2022 we live next to a large Airbnb, 'The Hot Tub House', which hosts 16-18 people.

What can the council do to remedy the situation of 'noise nuisance' during the day and night to relieve us of the intolerable disturbances, as this Airbnb has no host on site to monitor or control the 'noise nuisance'?"
