THE PAS RECOMMENDATION	THE PAS SUMMARY	CONTEXT FOR FYLDE	PRIORITY/IMPACT/ COMPLETION TARGET DATE	LEAD OFFICER(S)
<b>THEME: VISION &amp; LEADERSHIP</b>				
<b>R1 - Set up a politically representative board of councillors and one for senior officers to oversee and input into the production of the next Local Plan period beyond 2032</b>	<p>There is a tension between growth and protecting the environment and heritage. <u>It is therefore important to</u> establish a process to coordinate, capture and agree the focus for the Local Plan beyond 2032. A formal governance structure <u>will help</u> to set the vision and longer-term aspirations. <u>It will</u> provide <u>ing</u> clarity and managing tensions between economic growth, the environment and preservation. It will strategically address the housing and homelessness challenges. Obtaining clarity on key strategic issues as early as possible in the plan production process is critical in making the process resilient to changes to the planning system and election cycles.</p> <p style="text-align: right;"><u>(Paragraphs 7.7 – 7.10)</u></p>	<p><del>Post 2023 elections appoint member and officer boards.</del> <del>Draft delivery plan for 2032 Local Plan linked to Corporate Plan.</del></p>	<p><b>Medium</b> – based on long term planning and long-term time frame.</p> <p><b>June 23</b></p>	
<b>Actions:</b>	<p>1.1 Establish two Local Plan 2032 Delivery Boards – the officer board to include housing and economic development, elected member board to be determined through the Executive Committee after May 23. (R1)</p> <p><u>Success = Officer and member local plan boards established</u></p>		<b>March 2024</b>	<b>AO/MDE</b>

<b>R2 - Strengthen the governance structure to give Planning earlier and better strategic oversight of</b>	Embedding Planning input much earlier in corporate projects to make planning an enabler not a blocker to development. <u>This will Giveing</u> senior leadership comfort that projects are moving forward positively and improve	<del>Compulsory part of corporate project planning process in development.</del>	<b>High</b> – quick win because already in progress and significant impact.	
<b>major development schemes.</b>	<p>risk management and ensure processes and protocols are followed.</p> <p><u>The governance arrangement could consist of 2 ‘Boards’. A Planning and Regeneration Board (officers) - this holds more operational / professional focused conversations across service areas. The other board operates at a strategic level. It focuses on bringing the politics and regional considerations together. The operational Board reports to the strategic Board. This ensures that political and strategic considerations feedback directly. This will help keep the Planning Service aligned with the political landscape.</u></p> <p style="text-align: right;"><u>(Paragraphs 7.11 – 7.13)</u></p> <p><u>Planning should not work in isolation. It should be formally involved from the beginning so that solutions to planning issues are found in a timely manner rather than appearing as surprises later in the process.</u></p> <p style="text-align: right;"><u>(Paragraphs 7.14 – 7.15)</u></p>		<b>June 2023</b>	
<b>Actions:</b>	2.1 <u>Revise, embed and publish Corporate Project Delivery process to ensure compulsory requirement for planning input (R2).</u> <u>Success = Requirement to consider planning implications embedded in delivery framework for corporate projects</u>		<b>March 2024</b>	<b>AO/CR/MDE</b>
<b>Outcomes:</b> <ul style="list-style-type: none"> <li>a) Corporate projects are enabled by early planning input.</li> <li>b) Risk management improved.</li> <li>c) Project plans streamlined.</li> </ul>				
<b>THEME: SERVICE DELIVERY &amp; PERFORMANCE MANAGEMENT</b>				

<b>R3 - Delegate decision making among a greater number of staff</b>	<p>The planning department has experienced and competent staff <u>at all levels</u>. <u>The service can be confident and to</u>-allow decision making across a greater number of staff. This will <u>help</u> reduce failure demand resulting from process ‘bottlenecks and communications issues. It will empower staff; create capacity and support career development.</p> <p style="text-align: right;"><u>(Paragraphs 8.4, 8.5)</u></p>	<p><del>Review and redraft all aspects of the service (external support/delivery). Review role &amp; responsibility of each resource mapped to new processes.</del></p>	<p><b>High</b> – essential to address long-term customer service issues (speed, clarity, comms, engagement &amp; reputation).</p> <p><b>Dec 23</b></p>	<p><b>MDE</b></p>
<b>Actions:</b>	<p>3.1 Appoint Independent consultant to review the process for planning applications and related submissions, including procedures, roles, responsibilities (including opportunities to increase delegation of decisions across the team <u>(subject to displaying suitable experience to be assessed via the appraisal process)</u>), management, engagement, customer service etc. external support and best practice from similar local authorities.</p> <p><u>Success = Independent review of development management processes completed and recommendations successfully implemented.</u></p>		<p><b>June 2024</b></p>	<p><b>AO/MDE/ASc</b></p>
<p><b>Outcomes:</b></p> <ul style="list-style-type: none"> <li>a) Capacity created/waste, duplication and bottlenecks reduced.</li> <li>b) Empowerment and responsibilities consistent with post holders.</li> <li>c) Communication and customer service improved.</li> <li>d) Increased career development opportunities.</li> <li>e) Extensions of time reduced.</li> <li>f) Technology used efficiently in delivery of the service.</li> </ul>				
<b>R4 - Create a clear set of processes for the Development Management Service</b>	<p>It is unclear where responsibility lies for <u>distinct different</u> parts of the process. <u>This is</u> creating inconsistencies and an imbalance in the work of senior officers. “Delegating Up” is common. Decisions, queries, complaints, and validation are carried out by senior officers. This raises questions of whether responsibilities and empowerment are in the right places. <u>This affects impacting</u> senior officer capacity for reviewing and improving planning processes.</p> <p style="text-align: right;"><u>(Paragraph 8.6)</u></p>	<p><del>Review and redraft all aspects of the service (external support/delivery). Review role &amp; responsibility of each resource mapped to new processes.</del></p>	<p><b>High</b> – essential to address long-term customer service issues (speed, clarity, comms, engagement &amp; reputation).</p> <p><b>Mar 24</b></p>	
<b>Actions:</b>	<p>4.1 Produce a development management manual document all processes including any revisions identified through a review of workflows.</p> <p><u>Success = Development Management Manual created</u></p> <p>4.2 Through appraisals make all employees aware of roles and responsibilities within the team and approved processes.</p> <p><u>Success = Awareness of roles and responsibilities addressed in staff appraisals</u></p>		<p><b>June 2024</b></p> <p><b>November 2023</b></p>	<p><b>AS</b></p>

**Outcomes:**

- a) Empowerment and responsibilities consistent with post holders
- b) Effective use of resource
- c) Appropriate distribution of workload

<b>R5 - Continue to review processes as part of 'business as usual'.</b>	Often improvement work can become a one-off project. Fylde planners are embedding process reviews as part of their regular team meetings. This creates opportunities to streamline and improve processes. The focus should be on	<del>Review workflow of all aspects of the service (external support/delivery).</del> <del>Review role &amp; responsibility of each resource mapped to new processes.</del>	<b>High</b> – essential to address long-term customer service issues (speed, clarity, comms,

<b>Outcomes:</b> a) Empowerment and responsibilities consistent with post holders b) Effective use of resource c) Appropriate distribution of workload				
<b>R6 - Reduce the reliance on Extensions of Time (EoTs).</b>	<a href="#">Linked to Recommendation R5</a> A key outcome of service improvement work should be the reduction of Extensions of Time (EoT). EoTs <b>often</b> result in a build-up of applications without a decision. This has a negative effect on the customer experience and service.  <a href="#">(Paragraph 8.4.2)</a>	<del>Review workflows of each aspect of the service (external support/delivery).</del>	<b>High</b> – essential to address long-term customer service issues (speed, clarity, comms, engagement & reputation).  <b>Sep 23</b>

	6.3 Benchmark Fylde’s use of EoT against other Lancashire authorities <a href="#">Success = Use of EoT by other Lancashire Authorities completed</a>		<b>March 2024</b>	
	6.4 Seek feedback from agents on use of EoT. <a href="#">Success = Feedback from agents received</a>		<b>December 2023</b>	
	6.5 Introduce a performance indicator that measures use of EoT’s <a href="#">Success = Performance measure for EoT’s introduced and reporting (see Action 6.2) in place</a>		<b>April 2024</b>

<b>R7 -- Work through the PAS Development Management (DM) Toolkit. <b>Actions:</b>	7.1 Complete review of Development Management process utilising PAS toolkit to inform workflow review <u>Success = PAS DM Toolkit evaluation completed</u>		<b>July 2024</b>	<b>MDE/AS</b>
<b>Outcomes:</b> <ul style="list-style-type: none"> <li>a) Toolkit applied to inform process review best practice</li> <li>b) Toolkit embedded as a measure of performance for development management</li> </ul>				
<b>R8 - Produce a Planning Service Plan that has clear and direct links to the corporate priorities</b>	The Planning Service needs a clearer sense of its own objectives and priorities. <del>These need a direct link</del> linked (“golden thread”) to the corporate priorities. <u>This will allow</u> <del>so</del> officers <del>to can</del> better allocate <u>their</u> limited time. The staff appraisal <u>process</u> should provide a clear link back to the service plan. An outcome focussed service plan <u>will build upon the good work that the Service is already delivering and</u> including service standards will help reflect the more pro-active approaches to customer service that <u>the council desires.</u>  <p style="text-align: right;"><del>s-required</del>(Paragraph 8.9)</p>	<del>The ‘Golden Thread’ principle is required in all service plans, post pandemic there will be a review of corporate service planning.</del>	<b>Medium</b> – to be embedded as part of the corporate process linking individual outcomes to the Corporate Plan through service planning.  <b>May 23</b>	
<b>Actions:</b>	8.1 Produce a service plan for the planning service in line with revised corporate procedures and template, linked to the corporate plan objectives and appraisals to establish ‘golden thread’ from individual to corporate outcome <u>Success = Planning service plan produced</u>		<b>August 2023</b>	<b>Management Team</b>

<b>R9 - Provide additional investment in the planning service to bring it up to date with the technology and cyber-security needs of a modern planning service.</b>	Officers need to be confident in the new back-office IT system. It needs investment to get it fully functioning. There is presently a potential data-gap risk in the system. There are also processes and technology that need updating. This includes access to digital plans, telephony, and web-access kit available off-site. Some staff use their own technology; this represents a potential data-security risk.	<del>Review the use of the computer system and link to workflow review – new processes driven by the technological capability. Benchmark best practice with other users of the same system. Provide the required technology.</del>	<b>High</b> – will be integral to a review of workflow with technology reducing waste, duplication, and human input wherever possible = efficient.

<b>Outcomes:</b>				
a) Technology maximised and used efficiently to deliver the service				
<b>R10 – Establish an Agent’s/Developer’s forum, with an external chair</b>	A Developer Forum will help communication between the Planning Service and its customers. <u>A Forum allows enabling the</u> discussion /resolution of issues. <u>All can agree on</u> a specific and timetabled number of issues / standing items to work on <u>and co-produce</u> . <u>These arrangements is</u> requires year-on-year commitment to work well. <b>Outcomes:</b>				
a) Agent & Developer Forum established and engagement in place.				

<b>R11 - Enforcement priorities and protocols need to be made clear.</b>	<p><del>Members and town/parish councils Stakeholders</del> are unclear about how enforcement works and why some things are not considered important enough to enforce. The service needs to help stakeholders understand the process, the priorities, and the practicalities of carrying out enforcement action so that expectations are clear and can be managed. <u>The service should Refresh and make available publish</u> the Enforcement Policy statement, setting out what types of planning breach are a high priority and what options there are to resolve breaches.</p> <p style="text-align: right;"><u>(Paragraph 8.15)</u></p>	<p><del>Policy reviewed, repackaged, and published with case study / examples.</del></p>	<p><b>Medium</b> – work already in progress can be quick win.</p> <p><b>Jun-23</b></p>

<b>R12 - Optimise the council's webpages as an engagement tool and promote it as such.</b>	<p>The council website can provide service users with up-to-date information on planning applications. The website is not used by agents as much as it could be. Keeping it up to date and relevant, will drive more traffic to it and away from planning officers. It needs to be promoted to agents and customers.</p> <p style="text-align: right;"><u>(Paragraph 8.16)</u></p>	<p><del>Overhaul of planning web pages required at Fylde. Ongoing resource / digital links from planning system to keep pages dynamic and relevant for users.</del></p>	<p><b>Medium</b>– online should be first point of contact wherever possible avoiding need for human input for straight forward / transactional elements of the service.</p> <p><b>Dec-23</b></p>

<p><b>R13 - Committee practices and procedures should be kept under review. This will ensure an ongoing, open, and engaging experience for the public.</b></p>	<p>Planning Committee is the service's 'shop window'. It demonstrates how planning and place-shaping decisions are made. <u>The Fylde Planning Committee observed was exemplary in many ways (see Paragraphs 8.16-8.21).</u> There are 'continuous improvement' opportunities that will allow more time for the strategic, larger, and more contentious schemes. <u>Paragraphs 8.25 – 8.26 contain suggestions for items to keep under review, including:</u></p> <ul style="list-style-type: none"> <li>• <u>A proportionate approach to the detail contained in officer reports and presentations. This will allow officers and members more time to focus on and debate the main issues.</u></li> <li>• <u>Getting member's valuable input outside of the committee setting. e.g. in pre-app discussions, through technical briefings or developer's forums. Each well before an application comes to committee.</u></li> <li>• <u>The boundary changes represent opportunities to broaden the planning experience and knowledge of a wider group of members.</u></li> <li>• <u>Opportunities for junior case officers to gain experience by presenting at Planning Committee. Resolve Parish /Town Council issues through discussion or the provision of information (rather than at committee).</u></li> </ul> <p style="text-align: right;"><u>(Paragraphs 8.10, 8.25)</u></p> <p><u>Recording and broadcasting the Planning Committee live will encourage a wider audience for planning decisions. This is standard procedure at most councils. It will help make the process much more transparent for stakeholders and communities. Having access to recordings can also serve as a good improvement and training tool.</u></p> <p style="text-align: right;"><u>(Paragraph 8.26)</u></p>	<p><del>Member and officer development of agenda-</del> <del>Review and monitor of procedures through governance group-</del></p>	<p><b>Medium</b> – incorporate in current governance review for new council from May 2023.</p> <p><del>Dec-23</del></p>

<b>THEME: COMMUNITY ENGAGEMENT &amp; PARTNERSHIP WORKING</b>				
<b>R14 - Introduce a more structured approach to obtaining and using customer feedback.</b>	The Planning Service's approach to feedback should align with the corporate approach. The evaluation of customer feedback should form part of the performance reporting process, <u>Doncaster Council has</u> a customer feedback survey that goes out on individual decisions. <u>An agent/developer Forum is another way of obtaining customer feedback (see Recommendation R10).</u>  <u>(Paragraph 9.9)</u>	<del>Key stakeholder engagement being developed corporately for all customer facing services. Bespoke surveys carried out when feedback identifies specific issue.</del>	<b>Medium</b> – in progress with the corporate co-ordinated survey across customer facing services. <b>R15 - Take proactive steps to improving working relationships with Town and Parish Councils</b>	<u>Interaction with Town and Parish Councils is important. It helps ensure effective community interaction with the Planning system.</u> The need for better communication between the council and its communities is recognised. The council is keen to improve things. <u>The recommendations in this report will help improve customer service. The Peer Challenge process should also be a catalyst for:</u> <ul style="list-style-type: none"> <li><u>Providing training for council and Town/Parish Council Members.</u></li> </ul>	<del>Training, forums, and workshops for parish representatives.</del> <del>Establish regular comms / updates through a review of workflow and tech use / web pages.</del>	<b>Medium</b> – existing engagement is mixed in terms of outcomes; this will be built on and improved through a review of workflow releasing capacity and improving access.  <b>Jul 23</b>

<b>THEME: ACHIEVING OUTCOMES</b>				

<b>R16 - Review the approach to developer contributions.</b>	<p>Fylde does not operate the Community Infrastructure Levy (CIL) relying on Section 106 (S106) developer contributions. The Levelling Up &amp; Regeneration Bill (LURB) has a provision for an 'Infrastructure Levy'. The Infrastructure Levy will operate similarly to CIL in that it will be for infrastructure requirements across the borough, rather than a site-specific S106 agreement (<u>it is also proposed that S106 may operate only on large schemes.</u>)</p> <p style="text-align: right;"><u>(Paragraphs 10.9)</u></p>	<p><del>Review policy to introduce Infrastructure Levy based on Levelling Up Bill— objective to achieve option for contribution to generic levy. <b>R18 - Investigate how closer working relationships can be forged with the Housing Team.</b>	Fylde’s Housing Team expressed a desire to work <u>more closely</u> with Planning to address <u>increased-a rapidly growing</u> homelessness <u>problem</u> . This is a corporate issue that links into the Borough’s Homelessness and Rough Sleeping Strategy 2020-2025.  <u>(Paragraph 10.8)</u>	<u>Included in Heads of Service agenda as part of their remit to engage service areas more effectively, remove silos and duplication.</u>	<b>Medium</b> – ongoing role of Heads of Service through regular engagement, include as a bespoke connection that is required. <b>Sept-23</b>
<b>Actions:</b>	18.1 Review need for affordable housing in the borough <u>through the completion of an Affordable Housing Needs Survey</u> <u>Success = Affordable Housing Needs Survey has been completed</u>		<b>March 2023</b>
