Erratum Notice

Agenda for Executive Committee Thursday 25th May 2023

Unfortunately, a correction has been identified in the MTFs Financial Outturn Report 2022-23 which was published as part of the agenda papers for the 25th May 2023 Executive Committee meeting.

The correction does not affect the recommendations in the report. It is a “net-nil” correction which relates to the capital expenditure and capital receipts totals which are in paragraphs 6 and 7 of the report, both of which were erroneously understated by £0.220m in the original report. These figures have been corrected in the updated version, together with Appendix D of the report.

Accordingly, please find attached an updated report which has also been published on the Council website.
