Dear Chris

Further to your email today regarding our proposed market **“The Back West Sunday Vintage Market”** on Back St Anne’s Road West. Please accept this letter as our formal request for re designation of the road. Attached is a copy of our proposal outlining the purpose for our request. This fully explains the purpose of the market and the need to request re designation of the trade restrictions currently on Back St Anne’s West Crescent.

We would be grateful if you could provide an estimate of costs and a timeline in completing the re designation of the road as this information is essential before applications for funding can be made.

Please do not hesitate to contact us should you have any questions or need further information.  
Jayne

Regards

Jayne Callaghan / Melanie Jackson
