<b>FUNDED BUDGET INCREASE FOR HEALTHY NEW TOWN PILOT</b>			

## PUBLIC ITEM

This item is for consideration in the public part of the meeting.

### SUMMARY

The report provides details of the grant that has been secured from NHS England by the Healthy New Town partnership responsible for the Whyndyke Farm pilot. The partnership has secured Phase 1 funding of £150,000 that will be used to deliver the objectives of the Healthy New Town pilot.

### RECOMMENDATIONS

The Committee is requested:

1. to consider the Healthy New Town initiative, as described in this report, and then to recommend to the Finance & Democracy Committee the approval of a fully funded revenue budget increase in the sum of £150,000 in 2016/17 in relation to the initiative, fully funded by a grant from NHS England in the same sum; and
2. to recommend to the Finance & Democracy Committee that the Council act as the accountable body for the Healthy New Town initiative.

## REPORT

### BACKGROUND

1. In February 2016 it was announced that the Fylde coast partnership that had bid for the Whyndyke Farm development on the border of Fylde and Blackpool to be a Healthy New Town pilot was successful. The partnership working through public health in Blackpool and Lancashire, the Fylde & Wyre Health & Wellbeing Partnership and local representatives from NHS England on the Fylde, made a bid to become one of 10 pilot locations across the country that would develop innovative communities to achieve sustained healthier living. This linked to the long term objective to reduce multiple later life illnesses amongst the population that is costing the NHS £27 billion per annum and is part of the preventative approach to creating a healthier population through a healthier environment. The bid included with this report as Appendix 1 was submitted.
2. The bid was shortlisted and members of the Whyndyke Farm partnership were invited to pitch for one of the 10 pilot places at the Kings Fund headquarters. The pitch was successful and the Whyndyke Partnership was given Healthy New Town pilot status in February 2016.
3. NHS England announced that £150,000 would be made available for each pilot location in Phase 1 of the project (March 2016 to April 2017) to support the development of the vision, plans and objectives of the pilot site. The grant was made available provided the partnership could demonstrate that the funds would be used to deliver the stated outcomes in the bid.
4. The grant agreement has been approved with NHS England and includes expenditure on a Project Manager post working for the partnership until March 31<sup>st</sup> 2017, a project support post and funds for community engagement events, workshops, seminars, plans, research, marketing, promotion, signage and innovation projects with Lancaster University. Appendix 2 provides an indication of the intended areas of expenditure.
5. The partnership has nominated Fylde Council as the accountable body for administration of the grant which includes processing payments, producing invoices and providing evidence that the funds have been spent in accordance with the terms of the agreement. The £150,000 is fully funded by NHS England and claims against the grant will only be made when expenditure has been committed in accordance with the agreement. The council has acted as accountable body on a number of projects and will receive a fee from the grant for the work.
6. The committee is asked to consider this fully funded budget increase to support the Whyndyke Farm Healthy New Town Partnership and recommend to the Finance & Democracy Committee that Fylde Council acts as the accountable body for the administration of the grant.
