The licensing authority has received an application for the grant of a premises licence at Mill Farm Sports Stadium, Mill Farm, Fleetwood Road, Wesham.

In considering the application, the panel has to consider whether granting the licence would promote the four licensing objectives which are:

- The prevention of crime and disorder;
- Public safety;
- The prevention of public nuisance; and
- The protection of children from harm.

Objections to the application have been received from Medlar with Wesham Town Council and 6 residents, defined as “other persons” by the Licensing Act, concerning public nuisance and public safety. We have taken those written representations into account in reaching our decision.

This was the subject of the hearing this morning.

We heard from resident Mr Richard Nulty who also spoke on behalf of other residents who had made representations, and from David Chell and Bevan Middleton, representing the applicants. We thank all those who attended for their help.

We took into account the information put before us, the Council's Statement of Licensing Policy and the Guidance issued under section 182 of the Licensing Act 2003.

Having regard to the submissions that we heard the panel was satisfied that the potential problems that had been described by the interested parties were not likely to arise in practice and the panel was satisfied that the operators of the license had in place more than adequate management arrangements. We were therefore satisfied that it would be appropriate for the promotion of the licensing objectives to grant the licence as applied for save for the addition of a condition that all alcohol sold in the stadium pursuant to this premises licence is to be served in polycarbonate glasses.

Our decision is therefore as follows:

To grant the application for a premises licence for the Mill Farm Sports Stadium as applied for subject to the mandatory conditions, the conditions that reflect the operating schedule and the condition that I have already mentioned regarding polycarbonate glasses.

That is our decision and we thank you for your assistance.
