<b>Name of Outside Body:</b>	Arts Partnership for Fylde
<b>How often does the organisation meet? And how often have you attended?</b>	The Executive Committee will meet 10 times this year, and I have attended the first in January, to discuss the programme for the year. The venues are at various locations in the Fylde in both rural and urban areas, eg Lytham Hall, Singleton, Ansdell, Kirkham. The next meeting is the 26th Feb at Lytham Hall, for the APF Board Development Workshop. There will be an additional Board Meetings later in the year. Representatives from Arts Lancs, AFC Fylde, STEP and No Lable Arts, Creative Lancs, as observers. Expansion of the board will continue in 2018, to better represent the wider Fylde area. Membership now exceeds over 100 individual artists and representatives from Fylde based cultural organisations. A monthly event programme has been planned for 2018. A Room of our Own is the APF's new programme of training, networking opportunities and professional development events with the ultimate goal of raising Fylde's artistic ambition, increasing inward investment for arts and culture for the borough and building the community's resilience through creativity. APF continues to work with Arts Lancashire, Creative Lancashire and the Arts Council England - encouraging further support in the Fylde, alongside Fylde Council's Arts Development Service.
<b>Key issues arising for Fylde Borough Council</b>	Unfortunately no funding has been received from FBC during 2017. A small amount of funding has been secured from LCC to put the first few events on, ie. Reading for Health in association with Lancashire Libraries in March at Ansdell Library, and Advice Surgeries, Applying to ACE grants for the Arts, in April this year. I feel that a little support would be useful from FBC for costs incurred for room hire etc to stage these events.
	Examples of issues could be those that may affect decisions regarding budget setting, challenges for residents, policy changes that affect partnership working etc
<b>Who did you inform of these issues within Fylde Borough Council?</b>	Chairman of T and L
<b>In the light of these meetings, is it worthwhile for the Council to continue to have a representative/representatives on this body?</b>	Yes
<b>Any further comments?</b>	APF is an excellent facilitator for Art throughout the Fylde and deserves success and support in their ventures.

<b>Key issues arising for Fylde Borough Council</b>	1 The LCC rep. announced that their restoration service has to be self financing by 2020 and therefore we will probably see and increase in their charges to restore our paintings in future. 2 one of the members asked us to note the disquiet in Lytham that Fylde Council appeared to be taking a back seat on the Lytham library discussions. Perhaps we could invite a group to give the Tourism and Leisure Committee a briefing on their ideas for use of the building?
	Examples of issues could be those that may affect decisions regarding budget setting, challenges for residents, policy changes that affect partnership working etc

Share information and provide a progress update to board members</li> <li>2. Make strategic decisions about the project which the project team will be responsible for implementing.</li> </ol> <p>The strategic decisions referred to in point 2 above will be made by the board, however ultimately these decisions will be the responsibility of the Director of Development Services Paul Walker, who takes up the role of Project Sponsor</p> <p>Regular updates are also made through Tourism &amp; Leisure Committee in the form of an Information Item</p>

<b>How often does the organisation meet? And how often have you attended?</b>	Quarterly meetings: I attended those on September 13 & November 15 2017.
<b>Key issues arising for Fylde Borough Council</b>	St. Anne's Pool - costs of maintenance. Level of participation in health & fitness activities among Fylde residents.

<b>Who did you inform of these issues within Fylde Borough Council?</b>	Committee Chairman of Tourism & Leisure
<b>In the light of these meetings, is it worthwhile for the Council to continue to have a representative/representatives on this body?</b>	Yes
<b>Any further comments?</b>	<p>YMCA dry sites are performing well after refurbishment. Constraints in Lytham arise from the restricted parking space &amp; costly repairs to fabric of building &amp; drains.2 new gym facilities have lately been opened in Lytham.St. Anne's pool has a fitness area which had just had a refurbishment &amp; group classes are proving very popular with men &amp; women.Swimming lessons at St. Anne's have reached over 480 weekly swims &amp; there is progression for junior swimmers to new swimfit sessions.Swim Club now has increased use of the pool due to increased numbers. The counting of swims in 2016 has been considered somewhat unreliable &amp; targets for 2017-18 are now considered to be overly ambitious.</p> <p>Some long term building/repair issues have been resolved by FBC but others are still ongoing. The Crudens contract issues had still not been fully resolved.</p> <p>Kirkham Rural Splash pool continues to be successful in providing swimming lessons but suffers from the age of the building and associated costs of repair &amp; maintenance.</p>
